

# SEALAND ASIA LOG-IN CHALLENGE

26 April 2021

Dear **Khiu Kim Hong** (Team SP\_SeaLand\_AWS\_INDV),

Thank you for your participating in our Sealand Asia Log-In Challenge.

Our aim with the event was to reach out to the brilliant young minds in the Singapore higher education institutions for bright ideas that we could explore. This will be done either as an idea or input to our parent company Maersk to work on or via ourselves if it was something, we could work on and manage.

We received many good ideas ranging across a broad cross section of the logistics supply chain which has certainly given us an opportunity to reflect on how we do business today and potentially how it will look in the future.

Although your submission was not successful during the Log-In Challenge we appreciated your time and efforts and as a token of our appreciation for taking the time to submit your idea(s) we like to offer the attached voucher to you.

Thank you again.

Yours sincerely,

  
**Bo Wegener**  
Chief Executive Officer

  
**Anthony Randell**  
Chief Commercial Officer

# SEALAND ASIA LOG-IN CHALLENGE

26 April 2021
